5 JUN 1962

MEMORANDUM FOR The Director of Central Intelligence

SUBJECT: ~~(S)~~ Relationship between the ~~(S)~~ National Reconnaissance Office and the USIB

In regard to the interface between the USIB and the ~~(S)~~ National Reconnaissance Office, the question arises as to the proper USIB contact(s). The role specified for the USIB in the 2 May 1962 DOD-CIA Agreement is one of establishing requirements and priorities. In the past, and at present, both the COMOR and SIGINT Committees appear to be partially concerned with this task, with some overlap in their areas of interest. It might be desirable to charge one group with photographic priorities and requirements and another with similar SIGINT responsibilities, since these technical areas require personnel of different knowledge and experience.

I would appreciate your looking into this matter and informing me as to the USIB group(s) to which the ~~(S)~~ National Reconnaissance Office should look for guidance on requirements and priorities.

(Signed)

Joseph V. Charyk
Under Secretary of the Air Force
